Schweizerische Wohltätigkeitsgesellschaft

APPLICATION FOR THE SBS UNDERGRADUATE STUDY-SUPPORT SCHOLARSHIP PROGRAM FOR THE SCHOOL-YEAR 2018/2019

Dear Applicant,

Thank you for your interest in the *SBS Scholarship*. Please read the following information carefully.

Eligibility:

In order to apply for an SBS Scholarship, you **must**

- reside permanently in the state of Illinois or Southern Wisconsin (resident of the following Wisconsin counties are eligible: Dane, Grant, Green, Iowa, Jefferson, Kenosha, LaFayette, Milwaukee, Ozaukee, Racine, Rock, Walworth, Washington, and Waukesha);
- be either a Swiss National with permanent US residency permit or a US citizen of Swiss origin or of Swiss descent. We require official documents that prove your Swiss origin or descent, going back to the first ancestor with Swiss citizenship. (A complete string of official papers linking you to the Swiss ancestor is required. This is particularly important if the Swiss connection runs through the maternal line or the family name has changed several times. Family genealogies are not sufficient proof of ancestry since they usually only indicate place of birth, not place of origin (*Heimatort*) or place of citizenship.) Swiss students studying in the US on a student or visitor's visa are not eligible;
- Plan to attend college on a full-time basis for the entire 2018/19 school-year;
- Meet or exceed the following standards of scholastic performance:
 - **High School Seniors** must have a minimum exam score of 26 ACT.
 - **College Freshmen** must have a 3.3 grade point average (GPA on a scale of 4 = A) or better in their first semester/quarter at College.
 - **College Sophomores and Juniors** must have a grade point average of 3.3 (GPA on a scale of 4 = A) or better, as of the end of the fall semester or fall quarter 2017.

To apply, please submit the following:

- The completed application form, available at <http://www.sbschicago.org/education.html>
- A personal essay on the required theme outlined in the application;
- The Swiss Descent form with complete documentation.
- You must ask your High School and/or your College Registrar for transcripts and ACT/SAT test scores. Please give the enclosed form to the school administration. Transcripts must include all grade information through December 31, 2017, as well as your rank in class if available.

If you applied the previous year, the Swiss descent information does not need to be resubmitted.

Make sure you satisfy all eligibility criteria before you apply. Fill out the forms completely. Type or print neatly. Incomplete applications cannot be accepted.

Applications must be postmarked no later than April 15, 2018.

All complete applications submitted by the deadline will be evaluated and ranked. Because financial need is not a factor, all applications will be judged based on academic merit and on the quality of the essay. Incomplete documentation establishing Swiss descent, academic standing, or eligibility will disqualify your application. The decisions of the SBS Education Committee are final.

Thank you for applying, and we wish you all the best.

John Paluch
Chair, Education Committee, January 2018

ESSAY COMPETITION

As part of the application, we would like you to write a composition. Your essay must be on the topic below and should be carefully researched. The essay must be your own work. Please remember: if you consult other sources for information (especially the Internet), you **must** cite these sources. Do not lift whole sections from the Internet but compose and write the text yourself.

2018/2019

Topic: Vocational Education and Training in Switzerland (VET) - A Model for the US?

Nearly 70% of Swiss students choose to enter vocational training rather than enroll in university study. How does this "dual system" work? Do you think that such an apprenticeship based model of education could be implemented in the United States? How might this system help to create a stronger workforce? What are potential objections to this system of education? Research Switzerland's educational system and write an essay that examines how young people in the U.S. might profit from new "Swiss-modeled" educational initiatives. Why might it be difficult to implement such a model? The composition should be about 2 pages long, double-spaced, font size 12.

The committee will evaluate the following essays with a focus on:

- Content: Does the writer accurately inform the reader about the Swiss model of education?
- Argumentation: Is the writer effective in his/her argumentation?
- Evidence: Does the writer provide good examples to inform the reader about Swiss education?
- Clarity & Structure: Is the text well structured and follow the conventions of good writing?

Please write your name and the title of your composition below and use this as a cover sheet for your essay. Do not write your name on the essay itself. We hope you have fun with this assignment and wish you good luck.
